Ryan Estes (Lead Singer and Rhythm Guitarist), Denise Enrique (Lead/Backup Singer and Keyboardist), Anna Guan (Drummer), Vivian Lu (Lead Guitar), Renna Allan (Bassist)
Congratulations to Louie Schwartzberg,
Eudaimonia Lifetime Achievement Award Recipient!

The Eudaimonia Lifetime Achievement Award is given to those living a life rich in purpose and meaning.

Louie Schwartzberg was nominated by Jane Semel and heartily endorsed by a panel of faculty, staff and students at UCLA, who truly feel he envisions, supports, and exemplifies a life defined by contributions to the greater good. The values Louie embodies align with the mission of the Semel Healthy Campus Initiative, Semel Institute and UCLA’s True Bruin Values.

What is Eudaimonia? Aristotle distinguished “hedonia”, the brief, fleeting happiness derived from immediate satisfaction of drives, from “eudaimonia”, the sustained happiness that comes from living a life rich in purpose and meaning. Core concepts of Eudaimonia include self-acceptance, positive relations with others, autonomy, mastery of one’s environment, purpose in life, and personal growth.

What is the UCLA Eudaimonia award? The Semel Healthy Campus Initiative Eudaimonia Award was created to recognize members of the UCLA and greater Los Angeles community who exemplify Eudaimonia by living a life full of purpose and meaning.

Jane Semel nominated Louie for his ground-breaking work as a visual artist creating time-lapse photography depicting the beauty of nature and opening the door to millions of people to appreciate and enjoy. As the Director of “Fantastic Fungi” and “Gratitude Revealed”, Louie has enhanced the knowledge and appreciation of Mother Nature and created an unstoppable movement to protect our planet and build empathy for others. His art and passion for storytelling utilizing the natural world have built a more equitable and compassionate world.
The Jane B. Semel Healthy Campus Initiative Appreciation and Recognition Award

The Semel HCI Center at UCLA is pleased to announce the student, faculty and staff award recipients of the Jane B. Semel HCI Appreciation and Recognition Award. These awardees actively embody the Semel Healthy Campus Initiative Center’s principles in striving to promote the health and well-being of the UCLA community. Semel HCI’s goal is making the healthy choice the easier choice through our major thematic areas of MindWell, BEWell, EatWell, EngageWell, MoveWell, ResearchWell and BreatheWell.

Congratulations to the awardees!

**Chris Dunkel Schetter**
Distinguished Professor of Psychology and Psychiatry
